**CONCENTRATED COIL CLEANER & BRIGHTENER - ACID BASE**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
CCAB-1G	Acid based coil cleaner for cleaning air-cooled condensers and coils. Concentrated CANTESCO® coil cleaner generates foam which drives contamination out of the condenser. Product is easily rinsed away with water.	1 G	4
CCAB-5G		5 G	per pail
CCAB-DR		55 GAL	per drum

**CONCENTRATED COIL CLEANER & BRIGHTENER - NON-ACID**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
CCNA-1G	Non-acid based coil cleaner for cleaning tube and fin assemblies in air conditioning condensers. Alkaline in nature, CANTESCO® cleaner includes surfactants which cut through heavy grease accumulations effectively removing air borne contaminants. Contains biodegradable chelants, use 1 part CCNA to 3-4 parts water.	1 G	4
CCNA-5G		5 G	per pail
CCNA-DR		55 GAL	per drum

**CONCENTRATED COIL CLEANER - HEAVY DUTY**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
CCHD-1G	CANTESCO® CCHD is a self rinsing heavy duty coil cleaner for cleaning evaporator coils. A blend of surfactants, cleaners, degreasers and corrosion inhibitors remove stubborn deposits.	1 G	4
CCHD-5G		5 G	per pail
CCHD-DR		55 GAL	per drum

**COIL BRIGHTENER**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
CB-1G	Coil brightener for restoring brightness to aluminum condensers. CANTESCO® coil brightener removes oil and grease, provides a mild controlled etch of metal surface which minimizes metal loss while restoring surface brightness.	1 G	4
CB-5G		5 G	per pail
CB-DR		55 GAL	per drum

ALL CANTESCO PRODUCTS ARE LOT NUMBERED FOR TRACEABILITY IN YYYY/MM/DD FORMAT

**SCALE REMOVER - LIQUID**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
SRL-1G	CANTESCO® liquid scale remover is an acid based solution for use on equipment with heavy scale build up. Also includes low foaming corrosion inhibitors.	1 G	4
SRL-5G		5 G	per pail
SRL-DR		55 GAL	per drum

**SCALE REMOVER - POWDERED**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
SRP20K	CANTESCO® liquid scale remover is a concentrated acid based powder. Can be used to descale aluminum, stainless steel, cast iron.	20 K	per pail

**ICE MACHINE CLEANER - LIQUID**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
IML-1L	Formulated for cleaning all types of ice machines including cube, tube and flake. CANTESCO® liquid ice machine cleaner can also be used to descale commercial dishwasher and coffee making units. Formulated with food grade materials.	1 L	12
IML-1G		1 G	4
IML-5G		5 G	per pail
IML-DR		55 GAL	per drum

**ICE MACHINE CLEANER - METAL COMPATIBLE**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
IMM-1L	For removal of normal lime scale formations which are found in ice machines. CANTESCO® metal compatible ice machine cleaner is formulated with food grade materials for use on nickel and tin plate evaporators.	1 L	12
IMM-1G		1 G	4
IMM-5G		5 G	per pail
IMM-DR		55 GAL	per drum

**ELECTRONIC CELL CLEANER**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
ECC-1L	Formulated for cleaning of electronic cells and air conditioning pre-filters.	1 L	12
ECC-5G		5 G	per pail

CANTESCO HAS A COMPLETE LINE OF PRODUCT ACCESSORIES INCLUDING DRUM AND PAIL FAUCETS, PUMPS AND DISPENSERS AS WELL AS EMPTY BOTTLES IN ALL SIZES FOR REFILLING FROM BULK CONTAINERS. SEE OUR ACCESSORIES LISTING IN THIS CATALOG FOR A COMPLETE PRODUCT RANGE.

**METAL CLEANING DETERGENT**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
MCD-1G	CANTESCO® MCD is a multi-purpose cleaner formulated for rapid grime penetration and removal. It is an economical non-toxic surfactant compound which emulsifies and removes grease, oil and carbon on most surfaces including metals, ceramics, vinyl, rubber and plastic.	1 G	4
MCD-5G		5 G	per pail
MCD-DR		55 GAL	per drum

**METAL CLEANING DETERGENT - HEAVY DUTY**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
MCHD-1G	CANTESCO® MCHD is a heavy duty water based metal cleaning detergent which removes stubborn grease and other hard to remove deposits from metal surfaces, fan blades, condensers and evaporators.	1 G	4
MCHD-5G		5 G	per pail
MCHD-DR		55 GAL	per drum

**DEGREASING SOLVENT**

ITEM NO	DESCRIPTION	SIZE	QTY PER BOX
DS-1G	CANTESCO® degreasing solvent is a methylene chloride based solvent cleaner which provides excellent solvent power for removing greases, oils, waxes and other organic compounds.	1 G	4
DS-5G		5 G	per pail
DS-DR		55 GAL	per drum

**ACCESSORIES**

ITEM	APPLICATION	VOLUME	QTY/BOX
EMP-08	12 EMPTY PLAIN 8 OZ BOTTLES W/CAP	8 oz	12
EMP-16	12 EMPTY PLAIN 16 OZ BOTTLES W/CAP	16 oz	12
EMP-1G	4 EMPTY PLAIN 1 GALLON JUGS W/CAP	1 gallon	4
EMP-5G	1 EMPTY 5 GALLON PAIL WITH LID	5 gallon	1
EMP-DRP	55 GALLON DRUM PUMP LOW CAPACITY	11 oz / Stroke	1
EMP-DHC	55 GALLON DRUM PUMP HIGH CAPACITY	28 oz / Stroke	1
EMP-MST	12 X 24MM PUMP MIST TYPE SPRAYER FOR 16 OZ BOTTLES	16 oz	12
EMP-TS	12 X 28 MM TRIGGER SPRAYER FOR 16 OZ BOTTLES	16 oz	12
EMP-PMP	COMBINATION 5 GAL / 55 GALLON DRUM PUMP	8 oz / Stroke	1

FOR A FREE SAMPLE OF ANY OF OUR NEW OR EXISTING PRODUCTS SIMPLY FAX OR E-MAIL YOUR REQUEST TO [SALES@CANTESCO.COM](mailto:SALES@CANTESCO.COM) FOR A FREE SAMPLE, TECH SHEET AND MSDS.

**GAS LEAK DETECTOR - HVAC SYSTEMS LOW TEMP**

ITEM NO	DESCRIPTION	TEMP RANGE	SIZE	QTY PER BOX
HVAC-08	Gas leak detector formulated for HVAC systems including condensing units, service valves and couplings, compressors, evaporators, valves and fittings. Effective to -20°F without freezing. To locate leaks use dauber applicator to apply solution to area being inspected. Absorbent foam dauber spreads compound over entire area being tested, provides lasting bubbles or foam at leak points.	-20°F to 200°F ---- -29°C to 93°C	8 OZ	12
HVAC-1G			1 G	4
HVAC-5G			5 G	per pail
HVAC-DR			55 GAL	per drum

**LEAK DETECTION COMPOUND – MID TEMPERATURE**

ITEM NO	DESCRIPTION	TEMP RANGE	SIZE	QTY PER BOX
135-08	Mid temperature solution for detection of leaks in compressed air and gas systems. Green solution allows for easier leak location against reflective surfaces such as aluminum and stainless steel. Includes viscosity additive to allow for adherence to vertical surfaces.	-35°F to 200°F ---- -37°C to 93°C	8 OZ	12
135-1G			1 G	4
135-5G			5 G	per pail
135-DR			55 GAL	per drum

**GAS LEAK DETECTOR - OXYGEN COMPATIBLE - APPROVED FOR OXYGEN USE**

ITEM NO	DESCRIPTION	TEMP RANGE	SIZE	QTY PER BOX
LPI-08	Oxygen compatible type I regular temperature leak detector (meets MIL-PRF-25567E) with a 5 1/4" stainless steel applicator and dauber attached to a wide mouth dauber cap.	+27°F to 200°F ---- -3°C to 93°C	8 OZ	12
LPII-08	Same as above, except type II low temperature (-65°F) leak detector.	-65°F to 200°F ---- -54°C to 93°C	8 OZ	12

**LEAK DETECTION COMPOUND - LOW TEMP RED**

ITEM NO	DESCRIPTION	TEMP RANGE	SIZE	QTY PER BOX
LTR1-16	Mid temperature solution formulated for detection of leaks in propane, butane, LPG and compressed air and gas systems. Red solution allows for easy leak location in testing tube fittings and valves, pipe connections, gas cylinders, etc.	-10°F to 200°F ---- -23°C to 93°C	16 OZ	12
LTR1-1G			1 G	4
LTR1-5G			5 G	per pail
LTR1-DR			55 GAL	per drum
