CITRUS ORGANCE LIQUID CLEANER

ITEM	APPLICATION	SIZE	QTY PER BOX
COL-20A	CANTESCO® COL CITRUS ORANGE LIQUID CLEANER is a heavy duty cleaner and degreaser which easily removes dirt, oil and grease from most surfaces. Made from a renewable resource, CANTESCO®CITRUS ORANGE LIQUID CLEANER is non-toxic, non-caustic and safe to use in most applications. It is a water rinsable product that does not contain any chlorinated solvents in the formulation.	20 OZ	12
COL-4L		4 L	4
COL-20L		20 L	per pail
COL-DR		205 L	per drum

GENERAL PURPOSE SILICONE LUBRICANT

ITEM	APPLICATION	SIZE	QTY PER BOX
SSL-20A	<p>CANTESCO® SSL is suitable for general lubrication and release of dissimilar materials applications. It is an anti-stick agent that provides basic rust protection and has water displacing properties. CANTESCO® SSL is effective from -40°F to +400°F and is water white, clean and lubricates without oiliness.</p> <p>CANTESCO® SSL is also an effective O-ring release in mechanical rubber molding. Can be used as a slip or release agent for wire or cable and as a release agent in molding and/or laminating methacrylate, acrylic, melamine, phenolics, polyethylene, polycarbonate and nylon.</p>	20 OZ	12

FOOD GRADE SILICONE LUBRICANT

ITEM	APPLICATION	SIZE	QTY PER BOX
FGS-20A	<p>CANTESCO® FGS is prepared using silicones which meets FDA regulations (21 CFR 178.3570) where no more than 10 ppm silicone is permitted as incidental contact with food (not for use in direct addition to food).</p> <p>Prevents sticking of glues, adhesives, food and other materials to high speed processing equipment. Excellent for lubricating slides, conveyors, guides, ways, wood, plastic, rubber, and most non-metal to metal friction points. Makes cleaning easy and keeps paper and plastic from sticking, tearing and jamming. Also stops pile-up and ink smear.</p> <p>Use as a preservative for rubber and plastic seals and parts, prevents sticking on agitator shafts, props, tanks, blades, ovens, evaporators, grinders, saws, slicers, coils, vessels, freezing trays, bake tins, conveyors, seals, O-rings and valve parts.</p>	20 OZ	12

ELECTRO CONTACT CLEANER - NONFLAMMABLE

ITEM	APPLICATION	SIZE	QTY PER BOX
ZRO-16A	<p>CANTESCO® ZRO selectively removes oil, grease and dirt on metal, plastic and elastomeric parts. ZRO is non-flammable, non-explosive, exceptionally pure, chemically stable and non-conductive. Materials and parts can be cleaned while in service.</p> <p>Use on tape heads, tuners, relays, switches, starters, potentiometers, motors, connectors, semi-conductors, integrated circuits, memory disc, printer circuitry, gyroscopes, accelerometers, precision valves, bearings, hydraulic systems and other critical precision equipment.</p>	16 OZ	12

MOLY GEAR LUBRICANT

ITEM	APPLICATION	SIZE	QTY PER BOX
MGL-20A	<p>CANTESCO® MGL is a special open gear formula designed to meet the most demanding lubricating, extreme pressure anti-wear, and corrosion applications. High molybdenum disulfide content ensures that extreme pressure and anti wear characteristics are superior with a load carrying capacity in excess of 100,000 PSI.</p> <p>High viscosity formula will not run or drip off of surfaces, high tack base stock prevents squeeze out and film rupture under severe conditions. Contains special anti-corrosion additives that provide exceptional protective characteristics against high humidity and salt spray conditions. Suitable for open gears, cams, slides, roller chains, wire ropes, cables, pins, slow moving sleeve bearings, latches, hinges, forklift ways, overhead door ways, excavation equipment and guide ways.</p>	20 OZ	12

HEAVY DUTY MOLY PENETRANT

ITEM	APPLICATION	SIZE	QTY PER BOX
HDM-20A	<p>CANTESCO® HDM penetrates most rusted, corroded and "frozen" parts. Contains low boiling point solvents capable of softening the corrosion or material that has frozen the part. Additional product properties are excellent lubricating capabilities of the residual film left on the threaded part (film consists of light petroleum oil in combination with molybdenum disulfide).</p> <p>Suitable for pre-assembly treating of bearings, shafts, pistons, cylinders, rings, slides, ways and most metal to metal parts. CANTESCO® HDM also serves as a general purpose lubricant for maintenance applications including threaded fasteners in their assembly and disassembly.</p>	20 OZ	12

ALL METAL TAPPING & DRILLING FLUID

ITEM	APPLICATION	SIZE	QTY PER BOX
AMT-20A	<p>CANTESCO® AMT is specifically formulated for manual application leaving surfaces clean and smooth with greatly reduced tool wear. CANTESCO® AMT does not stain white or yellow metals, provides excellent performance with little or no smoke. Product is inhibited to avoid staining and rusting of valuable machine tools.</p> <p>Characteristics of the thread or surface produced are dimensional accuracy, cleanliness of thread or cut, excellence of finish, clean metal chip formation and feed out. It does not gum on aluminum or soft metals when tapping or drilling.</p>	20 OZ	12

ACCESSORIES

ITEM	APPLICATION	VOLUME	QTY/BOX
EMP-08	12 EMPTY PLAIN 8 OZ BOTTLES W/CAP	8 oz	12
EMP-16	12 EMPTY PLAIN 16 OZ BOTTLES W/CAP	16 oz	12
EMP-1G	4 EMPTY PLAIN 1 GALLON JUGS W/CAP	1 gallon	4
EMP-5G	1 EMPTY 5 GALLON PAIL WITH LID	5 gallon	1
EMP-DRP	55 GALLON DRUM PUMP LOW CAPACITY	11 oz / Stroke	1
EMP-DHC	55 GALLON DRUM PUMP HIGH CAPACITY	28 oz / Stroke	1
EMP-MST	12 X 24MM PUMP MIST TYPE SPRAYER FOR 16 OZ BOTTLES	16 oz	12
EMP-TS	12 X 28 MM TRIGGER SPRAYER FOR 16 OZ BOTTLES	16 oz	12
EMP-PMP	COMBINATION 5 GAL / 55 GALLON DRUM PUMP	8 oz / Stroke	1
