

# NEWS AND INFORMATION

## CANTESCO PACKAGING GOES GLOBAL

### Product labeling changes reflect global nature of customer base

#### Changes include addition of bar codes and date of manufacture

As part of our process of continual product improvement, Cantesco is now moving to trilingual packaging on all of its products.

Product packaging will contain English, French and Spanish on all containers and incorporate OSHA and WHMIS health and

#### HOW TO REACH US

In the US: (716) 693-8206 ph  
(716) 693-8373 fax  
In Canada: (905) 624-5463 ph  
(905) 624-2840 fax

safety information on all products.

Cantesco customers are global in nature and require vendors able to meet their worldwide needs. Trilingual packaging ensures that Cantesco products can be shipped around the world regardless of which facility they are stocked and used in.

The benefit to Cantesco customers is faster order turnaround times with product availability from three different warehouse locations.

As part of these changes Cantesco will be adding U.P.C. codes to all of our products. Customer benefits for bar coded products include increased inventory tracking capabilities.

The date of manufacture is also

being added to Cantesco packaging in a human readable format. Customers will now be able to clearly identify the date of manufacture for shelf life determination.

CANTESCO® products are available through distributors and wholesalers located across North America and around the world including Australia, the Middle East, Europe, Mexico, the Philippines and Latin America.
