

# NEWS AND INFORMATION

## CANTESCO CORPORATION UPGRADES WEB SITE

### Web Site upgraded for easier Customer downloads

As part of our process of continual improvement Cantesco is pleased to announce additional postings to our web site. All of Cantesco's welding product MSDS's are now listed on our site along with complete product tech sheets, catalogs and instructions for use booklets.

#### HOW TO REACH US

In the US: (716) 693-8206 ph  
(716) 693-8373 fax  
In Canada: (905) 624-5463 ph  
(905) 624-2840 fax

All CANTESCO® welding product MSDS's are OSHA and WHMIS compliant and include full DOT and TDG shipping information.

Cantesco has also now posted application booklets featuring frequently asked questions for our leak detection compounds, dye penetrants, anti-spatters, cooling fluids, stainless steel and aluminum cleaner products.

In addition to providing instructions for use, these booklets also include product application photo's showing the materials in use.

We have also revised our SAMPLES page making it easier to request free samples

for a whole range of Cantesco products.

Take a minute to view our site and also fill out the optional questionnaire on our CONTACT US page. Mention you read this newsletter in your comments and we'll forward a free Cantesco coffee mug!

For literature, samples or a copy of our product specific catalog visit us on the web.
